OUR HISTORY

Loctec Locks is a leading manufacturer of hardware solutions for buildings, providing top-quality products and exceptional service since 1992. With a commitment to innovation, customer satisfaction, and superior engineering, Loctec has earned a reputation as a trusted partner in the construction industry.

Our extensive range of products includes locks, handles, hinges, and other hardware components for commercial, industrial, and residential buildings. Whether you need a basic locking mechanism or a sophisticated access control system, we have the expertise and resources to provide you with the best solution.

At Loctec, we believe in staying ahead of the curve when it comes to product development and design. Our team of engineers and technicians are constantly working to develop new solutions that are more efficient, more secure, and more cost-effective. With an eye for detail and a passion for innovation, we are proud to offer some of the most advanced hardware solutions on the market.

In addition to our products, we are also known for our exceptional customer service. We work closely with our clients to understand their needs and provide customized solutions that meet their specific requirements. Our commitment to excellence extends beyond the sale of our products, as we also offer comprehensive technical support and maintenance services to ensure our clients' satisfaction.

As a company, we take pride in our commitment to sustainability and environmental responsibility. We use eco-friendly materials and processes wherever possible and continuously strive to reduce our carbon footprint.

With a focus on quality, innovation, and customer satisfaction, Loctec Locks has become a trusted partner for builders, architects, and contractors around the world. We are committed to maintaining our reputation as a leader in the hardware solutions industry and look forward to continued success and growth in the years to come.

DID YOU
KNOW?

The Art
of Design

- King Louis XVI was an avid forger of locks & keys.
- Locks were a symbol of wealth in ancient Egypt.
- Brass & copper door knobs disinfect themselves.
- Door knockers with faces are thought to scare off witches & malign spirits.
